Hello Online Conference Attendee!

We're thrilled you are joining us for the 2019 Electronic Resources and Libraries conference.

While we know you'll enjoy all of our online sessions, we didn't want you to miss out any fun we're having in Austin. So, we've put together this conference party pack to support your ER&L experience.

So, here are the rules…

- ***pen the box and dig in!***
- Study the program, and select your sessions. (We've included your guide of the live streaming sessions.) Yes, the program is online at erl19.sched.com and yes, all the other On Demand sessions are being recorded and will be added daily. The included program handout incorporates live sessions only, and are all in CST.
- Day of the Conference *(or your dates sometime in the future!)* You've arrived at ER&L… show everyone you've arrived by placing your sign on your door. Need more? Print more on the Online Attendee Logistics page on electroniclibrarian.org.
- This is a serious conference. So make sure you place the colorful decoration in a place of prominence to signal you are in learning mode.
- Feel free to pop open the treats and pop some popcorn as snacks are known to aid in decision making and learning.
- When you're ready to press play on your first session, get your clapper ready because it's time to get started. Also, yay for you and your team for your commitment to learning!
- Distribute stickers and other swag items as you see fit.

If you find yourself encountering technical difficulty please e-mail hello@electroniclibrarian.org or tweet us @ERandL.

There will be considerable commentary and opportunity to participate online @ERandL on Twitter. We encourage you to set up a twitter feed either in twitter or another app to establish a running feed of the current commentary on #erl19 (if that's your thing).

Best wishes for lots of learning and a little fun along the way,

Bonnie Tijerina, ER&L Conference Coordinator

P.s. The recorded sessions and platform are active for a year. Take your time and enjoy the sessions until March of 2020.

MONDAY, MARCH 4, 2019

8:45AM — **Opening Keynote with Siva Vaidhyanathan**
